

2015 PYRENEAN TRAVERSE 29 AUG TO 5 SEPT

A one week challenge that takes you from Hendaye on the shores of the Atlantic Ocean to the beautiful seaside town of Cerbère on the Mediterranean via the high cols of the Pyrenees Mountains in 6 stages. This is a hard but beautiful riding challenge and if you are reasonably fit and regularly ride your bike then this will be an excellent achievement and well within your grasp.

The route takes you on the quiet country roads over the most famous climbs in the world. Each day will be ridden at a comfortable pace with a relaxing stopover in 2** or 3*** hotels. You will be accompanied by experienced and knowledgeable leaders and a support team will always be there so you will not need to carry anything other than yourself over the mountains.
